12.8 Zdania z wyrazami zaczynającymi się od **s**
Część 8/8 Zdania **236a - 268f – klucz**

Uwaga: Poniższe angielskie zdania nie zawsze są jedynymi możliwymi tłumaczeniami polskich zdań z ćwiczeń. W nawiasach umieściliśmy alternatywne słowa lub amerykańskie odpowiedniki brytyjskich słów.

Ćwiczenie **1/1**

zdania z czasownikami	**zdania z rzeczownikami**	**zdania z przymiotnikami lub przysłówkami**
	236a. Danuta's superior at the hospital is a highly qualified midwife with thirty-five-year work experience. 236b. The election will show whether one candidate can demonstrate enough superiority over (to) his main rivals. 236c. When a sense of superiority interferes with your abilities to analyze facts on their merits it can mean that you actually suffer from a superiority complex.	236d. "A modest person with superior knowledge and understanding of the subject may be easily dominated by a less qualified but arrogant and conceited individual," said Jason with an air of superiority. 236ea. Tamerlan claims the superlative effects in treating cheats can be achieved when two crooks, let's call them A and B, confront each other. 236eb. Thus, crook A, as any other person, has his weaknesses. His business partner B, whom A trusts absolutely, knows them. 236ec. To outsmart A, B organizes his own team of cheats. 236ed. B cleverly makes good use of A's weak points and A makes a few serious mistakes. 236ee. Then B robs him and runs away with all A's loot. 236ef. After being fooled by his best friend A has enough of being a con man. He gets a regular job and becomes a decent man. 236eg. The conclusions from this story are ambiguous, though. 236eh. For instance, it is

Copyright by ADL Publishing Elżbieta Żółtak 2020

		not known where B and his team are now and whom (who) they are deceiving at the moment. 236ei. There is no guarantee that A will not start cheating again either.
	237a. Contrary to superstition, breaking the mirror didn't bring Sally bad luck.	237b. Rita is the right age and has the kind of face that is ideally suited to the part of a superstitious aunt.
238aa. The foresters who (that) supervise the terrain say it's a huge lake and lots of wild swans live there. 238ab. There might be black ones among them and, if we are lucky, we might spot one or two somewhere in the rushes.	238b. Every supervisor will tell you that if the net snagged on a rock, all of it must be very carefully examined. 238c. It was reckless of you to allow your children to use the Internet without supervision.	
239a. If you supply your students with really good teaching materials, encourage them to do their homework and systematically check the progress they make, they will benefit greatly and will learn quickly and efficiently.	239ba. Those from the marketing department had allegedly informed their superiors that they couldn't guarantee an adequate number of new consumers for their services. 239bb. The supervisors, however, apparently failed to adjust the company's policy to a new situation. 239bc. They didn't mitigate their appetites for further expansions and demanded more and more raw materials which (that) their employees were to process. 239bd. They persisted their company must flourish. 239be. Hence all the employed needed to be even nicer, and were obliged to contribute to ever growing incomes of the company.	

Copyright by ADL Publishing Elżbieta Żółtak 2020

	239c. The supplier of medical equipment and medicines to the Health Centre (Center) must be under constant supervision. 239d. “Fortunately the law concerning a balance between supply and demand still applies,” said Frank staring unseeingly at the computer screen.	
240aa. The route was strictly monitored because it was used by smugglers to sell goods that supplemented the domestic market. 240ab. Due (Owing/Thanks) to the insatiable demand for foreign products the trade was profitable for everyone involved: the sellers, buyers and those who (that) were supposed to crack down on the illegal traffic. 240ac. The dealings flourished and fostered the spread of immorality and corruption because people continued to buy smuggled goods.	240ba. The film is a sad reminder of how good those speculators are at arousing suspicions and manipulating the human mind. 240bb. Simply a prop is needed, for instance, a photo of two towels hanging on a balcony rail. 240bc. Based on the photo, a fictional story containing lots of slanders can be built. 240bd. The story can appear in a supplement to a magazine. If it undermines the credibility of a public person, it will most likely significantly affect that person’s career. 240be. All publicists and broadcasters know that. 240bf. Give them the slightest shred of a pretext and they will turn it into an auspicious sensation. 240bg. They will be earning a lot of money by selling their fabricated stories.	240c. The pharmacist maintains that he has never used force, resorted to abuse or supplied any supplementary chemical compounds to those who (that) have worked in his lab (laboratory).
241a. I’ll support Michael because I believe in his ideas.	241b. Now Steven has to (must) find support in himself. 241c. We should be more active to gain more supporters. 241d. The local AA support group meets every Thursday.	241e. Is achieving your goals possible without a supportive family? 241f. Anna was offered a supportive role. 241g. Nicolas says he’ll complete his studies unsupported. 241h. Which actresses

Copyright by ADL Publishing Elżbieta Żółtak 2020

		were nominated for the best actress in a supporting role in this year's films?
242a. I suppose Henry wasn't the one who (that) struck the first blow.	242b. The supposition that the supports under the balcony are beginning to bend is completely unfounded.	242c. The supposed theft the witness has told about may not be treated by the judge as a credible version of the events. 242d. Supposedly, the rider never uses spurs because he doesn't want his horse to suffer from unnecessary pain. 242ea. Supposing (Suppose) the peasants had never been forced to leave their remote villages and hadn't had to move into big cities. 242eb. Their lives would be very different now.
243a. In those days to suppress violent pupils teachers used to administer a series of strokes of the cane.	243ba. Today's meeting concerns more sophisticated forms of suppressing defiance. 243bb. Let's take that defiant artisan as an example. His artefacts (artifacts) may simply no longer be bought. 243bc. He will soon not have the money to pay even his electricity bills. 243bd. Then his electricity supply can be cut off and in this simple way he will be deprived of the possibility to manufacture his specimens. 243ca. The patient is twice lucky. 243cb. Thanks to appetite suppressants she has had a balanced diet. 243cc. Due (Owing) to a big amount of pathogens her organism has been exposed to, her immune system has	243e. It must be known who and why gets engaged in supplying food, medicine and fuel to those who (that) go to the danger zones with the mission to build trust among suppressed people.

Copyright by ADL Publishing Elżbieta Żółtak 2020

	developed properly. 243d. Will limiting the emergency supply even further act as an effective suppressor?	
	244a. To demonstrate their supremacy, the guards forced the prisoners to strip naked and to intimidate them even further they photographed them. 244b. Racial supremacists must be warned that they can be stripped of their titles and private property ownership rights. 244c. The Supreme Court concluded that the verdict delivered (reached) by the lower court was based on supposition, not hard evidence.	244d. Supreme scientific achievements are likely to happen to those who (that) dedicate themselves to lifelong learning. 244e. It sounded like a supremely attractive job offer but Roy rejected it as he would have to compromise his independence.
245a. If you want to know more just surf the net (Internet). You will find lots of information on the subject you are interested in.	245b. If I were you I wouldn't go surfing when the wind is so strong and the waves so high. 245c. Only the most experienced top surfers took part in the competition in the extremely rough sea.	
	246a. Spike was very young when he was doing a four-year stint in the hospital under the watchful eye of an experienced surgeon. 246b. The surgery required joining the fragments of the broken bone with a stainless splint and a few screws.	246c. According to the consultant doctor the breast lump was benign, not a malignant one and it didn't have to be surgically removed.
247a. After so many different experiences, few things could still surprise Caroline.	247b. Not all surprises are pleasant.	247c. Surprisingly, the boy recovered without any help from doctors. 247d. Edna's enemies were surprised that instead of destroying her, they strengthened her character.

Copyright by ADL Publishing Elżbieta Żółtak 2020

		247e. It may be unsurprising that the bottom of the lake is strewn with garbage but the problem how to clean it is a serious one. 247f. If the businessman appeared unsurprised at the reaction of the local community, it means he understands that people expect his new venture will create many new jobs in town.
248a. The boys surrounded the famous footballer and asked him for autographs.	248ba. Working in hostile surroundings for many years can help Patrick to develop determination and resilience. 248bb. He will need them in the realization of his peaceful initiatives which (that) aim at achieving reconciliation in that volatile region.	248c. The huge container overturned in mid-air and thousands of plastic bags fell out and strewed the platform and the lawn around.
249a. We can learn a lot from the tribes that (which) are able to survive (living) in the jungle. (We can learn a lot from the tribes that (which) can survive (living) in the jungle.)	249b. Did the survivors of the catastrophe get the right help? 249c. James wants to set up (establish) a school in which he'll teach the principles of survival.	
250a. They surveyed us about our opinions on the quality of different shampoos.	250b. This man is precious for them, that's why he's under their surveillance. 250c. When is the surveyor coming to the construction (building) site? 250d. Who will carry out the survey? 250e. The survey of the area showed that the plans contain a few errors.	
251a. For how long did they suspend delivering oil to	251b. You can get used (accustomed) to living in the state of suspense.	251d. What will this suspended teacher do now?

Copyright by ADL Publishing Elżbieta Żółtak 2020

this country?	251c. What caused the suspension of the construction (building) of the library?	
252a. They suspect (that) the officer was a double agent.	252b.There isn't convincing evidence against the suspect. 252c. Our suspicions concern (the) illegal arms trade.	252d. Why are you suspicious of their motives of (in) helping you? 252e. Isn't it cruel to attack an unsuspecting person? 252fa. An unsuspected outcome in the given circumstances always teaches you a valuable lesson. 252fb. If the reality is different from what you have anticipated, it means that you have made an error in the prediction process. 252fc. You should identify it and not commit it in the future.
253a. The court sustained the claim of the plaintiff, stating that the contract was perfectly legal.	253ba. The sustenance of a domineering position in a community requires a lifelong effort. 253bb. Therefore it's worth observing how small children interact with each other. 253bc. This can allow to identify a talent with an inborn craving for becoming a leader. 253bd. Then it's vital to get to know what their parents are like. 253be. If they are selfish, self-centered careerists, their offspring may be just the same. 253bf. These are not the qualities which (that) can make one a responsible leader who (that) will put the well-being of the nation above their own, personal	253da. The minister's budget doesn't take into consideration conceivable ups and downs of the global and domestic economies. The official knows it very well. 253db. He must also be assured that nothing can free him from bearing the consequences of his unsustainable finances. 253ea. People there live in very modest, wooden houses built on stilts along the river. 253eb. They lead simple, environmentally sustainable lives.

Copyright by ADL Publishing Elżbieta Żółtak 2020

	interests and ambitions. 253ca. Irresponsible leaders can make lots of wrong decisions. 253cb. These can result in the whole nation becoming totally dependant on foreign and domestic, calculated and self-seeking gamblers. 253cc. Once the decent, hard-working majority of the nation discover they have been sold by their own leaders and enslaved in their own country, they will demand the rulers who (that) made catastrophic decisions to be held accountable. 253cd. The idea of sustainability implicates that the rulers will now have to repurchase the country's economy from those whom they have so carelessly sold it. 253ce. The country must again become financially and economically independent. 253cf. The rulers must ensure the life in dignity for decent citizens and must effectively eliminate crooks, gamblers and criminals from a healthy society.	
254a. Apparently, the restaurateur swears he wants to strike a fair deal with their supplier of fresh fruit and vegetables. 254b. The father of the malnourished children was a gentle man and he never swore at them.	254ca. First we heard the swearing of our frenemies that they had invented the operating system which (that) was superior compared with any other. 254cb. Then we heard many swear words when our own operating system became available. 254cc. Our frenemies swore that they were not going to	254e. Pauline doesn't know any sworn-in statutory member of the society called "The Harmony of Nature".

Copyright by ADL Publishing Elżbieta Żółtak 2020

	use it because it was invented by a person who (that) represents a different religion. 254cd. They persisted they would always be faithful to their almighty God as he forgives the sinners who (that) are devoted to love. 254d. After the swearing-in the club's president (chief executive officer) surrounded himself with a body of experts who (that) advised him what decisions he should take in particular circumstances.	
255aa. The heat was unbearable and the workers were sweating profoundly. 255ab. Yet they were determined to sustain all the hardships and pains.	255b. Your sweat and effort will pay off if your team turns out to be superior to your opponents and you will win the match. 255ca. Jan didn't hear what the judge said. 255cb. He turned to the man in a white sweater who (that) was sitting in the left corner of the courtroom. 255cc. Jan asked him if the judge had sustained the objection made by the prosecutor or overruled it. 255da. It was a peculiar ceremony. Some participants wore formal suits, others sweatsuits (tracksuits). 255db. They were all sworn to secrecy. 255dc. If they were to stand up in court, they would have to tell the truth. 255ea. The woman in the pink sweatshirt says she's heard something. It seems to her that the man in big white boots swore something on the name of	255g. The nurse approached the sweating and tired doctor and told him that another surgical intervention would have to be performed soon. 255ha. The wanderers were all sweaty due (owing) to the heat and perilous climb, but nobody sulked or complained. 255hb. There was still quite a long way up to the top.

Copyright by ADL Publishing Elżbieta Żółtak 2020

	his mother. 255eb. Perhaps he swore an oath of allegiance to the CEO of his company. 255ec. Yet the woman adds she couldn't swear to it all. 255fa. "Being addicted to painting resembles being forced to work in a sweatshop," said an artist in an old straw hat to a woman who (that) was milking a cow in the meadow. 255fb. The woman looked at him, eloquently nodded her head and gave him a mug with fresh milk. 255fc. The painter drank the milk, returned the mug and thanked the woman. 255fd. Then he picked up his easel and a framed canvas and walked towards the sunflower field. 255fe. The woman returned to her job.	
256aa. Gienio sweeps the streets and says it's a thankless job. 256ab. He admits he wasn't sufficiently sensible when he was young. 256ac. He neglected school because he didn't like to study. He preferred to play ball and go to discos.	256ba. The boat people cheered up when they saw an island. 256bb. Now they were nearing a broad sweep of a picturesque rocky coast. 256ca. If you intend to offer that person an important job, you must know all about his shortcomings. 256cb. It can happen that you may want him to leave our company one day. 256cc. Then, to keep appearances of honesty, you will be able to base your decision to dismiss him on reliable arguments. 256cd. If you don't see his flaws, he may not make any significant mistake. 256ce. How will you justify	256e. Were the police given sweeping powers the security forces could search homes for the survivors of vicious attacks perpetrated by the members of that notorious gang.

Copyright by ADL Publishing Elżbieta Żółtak 2020

	your decision to fire him when he becomes troublesome for us? 256cf. Besides, we don't need him in the company at all. 256cg. Eventually, you can hire him as a sweeper here. We will then be able to have a close eye on him. 256d. Zenon should call for a chimney sweep to have the dirt and sediment swept out of the ventilation pipes.	
257aa. To sweeten more bitter pills he is bound to swallow, the official will probably strike many different poses. 257ab. They might express bravery, heroism, innocence or a suggestion: it's-all-your-fault. 257ba. At first various middlemen tried to sweet-talk Wanda into working for a mysterious, powerful corporation. 257bb. After she categorically refused, sustained attacks and smear campaigns against her followed.	257c. They have a wide selection of delicious sweets in that confectionary but they are very expensive, I'm afraid. 257d. Teodor points out that he can't use artificial sweeteners and iron supplements because he is allergic to such substances. 257ea. The farmer is depressed. The contractor doesn't want to buy his sweetcorn because the cobs are too small. 257eb. The farmer intends to give the crop away to the poor who (that) live in his village. 257ec. He hopes his sweercorn will help them sustain the winter. 257f. The story was so moving that Ricky's sweetheart was swept along by the force of the intense emotions. 257ga. The doubts had long since been swept away. 257gb. There was one remaining form of sweetness that had not yet been tested on that specimen.	257ha. Sanjuro somehow sustained the losses, injuries and defeats. 257hb. He was still alive and the potatoes he cooked for himself were very sweet and tasty.

Copyright by ADL Publishing Elżbieta Żółtak 2020

258a. If your forearm doesn't swell after the injection it means you are not allergic to the substance that (which) is in the syringe.	258b. Was the swell Raphael saw on the horizon a wide wave of water spilling out of the river or a herd of wild beasts? 258c. Abdominal swelling in children can be a sign of malnutrition.	258d. Swollen joints and lymph nodes indicate that it's some sort of inflammation.
259a. When Drake was jumping into the water to swim to the other side of the gulf he didn't know that piranhas live there and they would make his reaching the land impossible.	259b. You can build up your stamina by intensely practising (practicing) swimming, running, weightlifting or some other sport. 259c. "Klara has always been a good swimmer," her friend Mira spluttered (sputtered) and went on talking about her collection of swimsuits (swimming costumes) and fantastic holidays on a tropical island. 259da. Greg spent years on secretly developing this very elastic, light and waterproof fabric. 259db. He was sincerely surprised when he saw that, mysteriously, his competitors used identical material to produce their swimming caps. 259e. "Three more strokes and you'll reach the edge of the swimming pool," the coach informed the blind swimmer.	
260aa. All Matt wanted was to swing higher and higher, perform his tricks and have a lot of fun. 260ab. It's hard to say whether he understood that not all of those who (that) were watching him from the ground had	260b. The kids on the swing didn't spill any juice because they were drinking it through the straws placed in the cartons. 260ca. People were grinning as they watched the man on stilts who confidently walked through the swing (swinging) door and approached the bar	

Copyright by ADL Publishing Elżbieta Żółtak 2020

friendly attitudes towards (toward) him. 260ac. As it soon turned out, some were morbidly envious. 260ad. What's worse, they were capable of abruptly stopping his astounding show. 260ae. Matt would first fly high up into the air, then fall down at high speed and crash while hitting the ground.	counter. 260cb. When he ordered beer for everybody in the pub, they were delighted.	
261a. When Willy started talking about an urgent need of sweeping reforms, Frederick thought that maybe his cousin wanted to switch sides.	261ba. The switch was high and the boy couldn't reach it. 261bb. He took a stool, climbed on it and turned on the light in the room. 261ca. When Ian was designing the switchboard he had to sustain a lot of pressure from the employer. 261cb. If the switchboard doesn't work effectively he will have to sustain a lot of criticism from its users.	
262a. If Ralph is to symbolize the struggle for peace and stability he should somehow prove that people of different races and religions can live together in symbiosis and harmony.	262ba. The scholar explains that the naked and scarcely clad creatures in the paintings are symbols. 262bb. The artist who (that) created them wants to tell us that the real power lies within our own bodies. 262bc. It doesn't matter whether you are rich or poor. 262bd. If you are honest with yourself and others, you know best who and what you truly are.	262c. Some say that the fact that in this case there is no such thing as the straw that (which) breaks the camel's back, has great symbolic significance.
	263aa. A lot of control groups took part in the survey. Each person in each of them was given the same picture.	263c. You can't attack a radially symmetrical creature, like a starfish, at its back if you don't know where its back is.

Copyright by ADL Publishing Elżbieta Żółtak 2020

	263ab. It was filled with lots of objects of different sizes and shapes. 263ac. The respondents were asked to identify the items which (that) spoiled the symmetry of the picture. 263ba. They've significantly cut the production costs of their latest virtual games and used their best models in an advertising campaign. 263bb. The company's profits, however, haven't swollen (swelled) as it could have been expected. 263bc. Does it mean that a new kind of financial asymmetry has just emerged? 263bd. Economists ought to study this phenomenon thoroughly. 263be. We may need to change the way we perceive economics. 263bf. An attractive award must be offered for those who (that) will invent new ways which (that) will keep allowing some to become rich at the expense of others.	263da. Any internally asymmetric system in which living organisms function eventually reaches the limit of its development. Then such a system starts to self-disintegrate. 263db. The beginning of the disintegration process can be illustrated by an image of an ugly dragon. 263dc. Due (Owing) to the lack of sufficient amount of fodder provisions it starts to devour itself. 263dd. The dragon can bite off and eat the consecutive parts of its long tail.
264a. Which social movement do you sympathize with?	264b. The number of sympathizers of the idea of independence is growing systematically. 264c. This man shows little sympathy to poor people.	264d. They are unsympathetic toward (towards/to) the persons who (that) don't belong to their organization. (They aren't sympathetic toward (towards/to) the persons who (that) don't belong to their organization.)
265aa. Foreign commentators didn't say much about the new forms of a dialogue between	265b. Looks like Balbina has typical strep throat (angina) symptoms so she'd better go to see her GP.	265ca. Such demeanor is symptomatic. 265cb. When those self-confident and often arrogant artists find

Copyright by ADL Publishing Elżbieta Żółtak 2020

different social classes. 265ab. Does this behaviour (behavior) symptomize that they are reluctant to present innovatory, peaceful methods of solving the problems of social injustice?		themselves in the limelight, they expect that what they say will be mistaken for the authentic truth.
	266a. A word can have several synonyms. Yet the meanings of the words can sometimes differ slightly.	266b. Interfering in their affairs when the family is in a painful process of solving their internal problems, would be synonymous with a complete lack of common sense and respect for them.
267aa. Stanislaw can find linguists with analytical minds who (that) have in-depth knowledge of the syntax of different languages. 267ab. Such specialists are able to synthesize (synthesise) their knowledge. 267ac. They can create visual maps of other languages, similar to the prototype map.	267ba. Before you make an important decision, carry out a scrupulous synthesis. 267bb. Combine and compare all the ideas that (which) are known to you. 267bc. This will allow you to come up with a coherent view of the problem. 267bd. The coherent view will in turn allow you to make the best choice possible. 267be. In this way you will reduce the risk of committing a serious error to a minimum. 267bf. Your synthesis, however, must be flawless. 267bg. Otherwise, the decision you make can turn out to be the wrong one. 267c. Have they already built an artificial liver in which syntheses of a variety of compounds can take place? 267d. A synthesizer will transform the natural	267e. “It’s the synthetic food that will make us famous and rich,” said Mr. Bright as he swaggered between the lab counters where his staff carried out the tests.

Copyright by ADL Publishing Elżbieta Żółtak 2020

	sounds the instruments make into music with an electronic tone.	
268aa. Eventually Anhelm started to systematize all the collected data according to logical criteria. 268ab. To his astonishment, he began to notice repetitive patterns and obvious regularities. 268ac. What used to look like chaotic, coincidental and unconnected shreds of information, now was piecing together into a coherent whole. 268ad. At that moment the jigsaw puzzle produced a clear picture in which every element had its proper place and a certain role to play.	268b. The system functions well only as long as every part of it operates strictly according to the same clear rules. 268ca. Systematization – arranging a structure out of the elements which (that) are to be incorporated into a system – is one task. 268cb. Deciding which items are to be included in the structure and why others must be excluded from it is a different issue.	268d. The ground satellite station is located at the high altitude and systematically reads and redistributes the data obtained from numerous orbiting stations. 268e. It is vital to fully understand why everybody has been sweeping aside the doubts concerning the essential systemic flaws. 268f. “You can’t treat such actions as stalking. Besides, they were unsystematic and therefore can’t be regarded as premeditated,” the suspect’s lawyer stated self-confidently.
