| | | |
|---|---|---|
| | | doesn’t know what to do with the collection of unused wigs of different colours (colors), lengths and kinds of hair which (that) she inherited from her distant relation.<br>92k. Will Sean keep the disused trimmer or will he have it recycled?<br>92la. Now various people are asked to test the new device to decide whether it is sufficiently user-friendly and foolproof.<br>92lb. If the users complain that operating the machine is too complicated, the engineers will introduce the changes that will make using the device a lot simpler. |
| 93aa. The innovator introduced himself to the middlemen who (that) gathered around him and started his presentation:<br>93ab. “Who claims that agriculture can’t be urbanized?<br>93ac. If we show the small farmers the machines that allow to manage much bigger fields, they will immediately want to have them.<br>93ad. Then we will offer them a lease.<br>93ae. With the machines they can produce more food than they need to feed their own families.<br>93af. We will take their surplus food in exchange for their using our inventions | 93ba. A greedy visionary sat down in a comfortable armchair with a glass filled with very expensive alcohol and began to dream:<br>93bb. “What people really like is to have a good time and I am perfectly capable of organizing top class entertainment for them.<br>93bc. I can provide alcohol, cigarettes, good food, music, beautiful women and that sort of things.<br>93bd. Others can set up workshops and factories, others still can build houses and establish banks and public offices.<br>93be. Thanks to that we can gather a lot of people who (that) live in a relatively small area.<br>93bf. This is a situation which (that) is beneficial for us since the more people we have, the more we can earn by selling | 93ca. Crafty and dishonest socialites who (that) like to flatter and play the role of friendly and honest acquaintances perfectly well love the urban environment.<br>93cb. Tricksters immediately notice that these are ideal conditions for them to operate.<br>93cc. There constantly appear opportunities for them to take advantage of the naivety of the gullible.<br>93cd. People are eager to buy and gather all sorts of goods because they are constantly fed by omnipresent advertisements.<br>93ce. Therefore those who (that) produce and trade in goods and services can relatively easily find customers for the articles which (that) they offer. |

| | | |
|---|---|---|
| | and she was able to make more objective assessments of the phenomena she witnessed.<br>98ba. The conductor of the orchestra used to excuse himself saying that all their attempts to record their most popular concert hits were in vain due to the fact that the recording studios were not properly equipped.<br>98bb. For this reason the unique talents of their musicians remained untapped.<br>98bc. Now the whole world is holding its breath.<br>98bd. People are watching every move of the orchestra members with great expectations.<br>98be. Now they have a state-of-the-art, large studio at their disposal and the band can at last prove its true worth and can realize their grand project.<br>98bf. People are looking forward to the publication of the much awaited CDs with the sensational music performed by the orchestra. | 98cb. If they are not equipped with inborn modesty, they may become vain, selfish and self-centered adults.<br>98da. Hue Junior vainly looked around for someone to give him a helping hand.<br>98db. Nobody approached him to help him carry the burden he had voluntarily placed on his shoulders.<br>98dc. Hue was climbing slowly and wondered if he would reach the top of the mountain with his load. |
| 99aa. Unfortunately, you can't always trust what the label on the packet states about the quality of the food that is inside.<br>99ab. That's why it's best to consume only what you have produced yourself.<br>99ac. If you manufacture healthy food, you can be certain that you can eat it safely.<br>99ad. In case of foods | 99ca. If no one questions the validity of the evidence and someone valorous dares to present it to the court, the judges will simply be unable to turn and squint their eyes and persist in pretending that no evidence actually exists.<br>99cb. They will have to look straight into the reflections of their noble faces they see in the mirror and say to themselves that the time has come to deliver the fair verdicts.<br>99cc. The sentences must be | 99da. People have gradually begun to comprehend that according to common sense and elementary sense of decency and personal dignity the country's policy was invalid.<br>99db. They have started to wonder if their present leaders will continue their vain strive which (that) is supposed to prove that provocation and a clever exploitation of the emotions and weaknesses of another |

|---|---|---|
| made by others, you can try to validate their safety as well as their potential health benefits.<br>99ae. Allow those who produce them to consume them for a long period of time and watch attentively what health effects they achieve thanks to certain nutrients.<br>99ba. Robert committed a long series of consecutive, inexcusable errors.<br>99bb. He knew very well that he had missed a few other unique opportunities to invalidate his earlier, alleged declarations of good will. | based on the real facts, not the illusions.<br>99cd. People have already figured out that they have been strenuously creating and promoting fiction in order to make it appear believable and so that everybody gets fooled and mistakes it for the reality.<br>99ce. Fortunately the judges are aware that not delivering the just sentences would be unpardonable.<br>99cf. They know they will be watched attentively, therefore it is in their own interest to prove that they are competent and capable of delivering the just verdicts.<br>99cg. Furthermore, no one will free them from their duty to fulfil (fulfill) their professional obligations.<br>99ch. For they have been appointed to their high posts just because it has been believed that they are the ones who (that) can be trusted and capable of tackling the difficult tasks.<br>99ci. They cannot expect that the world will stop examining their every step and closely analyzing all the efforts they make. | human being will always enable them to buy happiness and prosperity for themselves.<br>99ea. The capitulation contract has been signed by the defeated invaders.<br>99eb. It enumerates a series of long-term activities which (that) the occupiers oblige themselves to undertake.<br>99ec. Now the purpose of the occupiers' activities is systematic reparation of the damage they have caused and the introduction of positive social, economic and political changes in the territories which (that) the invaders occupy.<br>99ed. The international observers will constantly monitor the efforts of the occupiers and will evaluate whether they realize the goals and tasks listed in the capitulation contract correctly and honestly.<br>99ee. If in the future the observers unanimously infer that in their opinion the conditions of the capitulation contract have been fully met, they can draw up and sign a statement which (that) confirms their joint conclusion. |
| 100a. They told me (that) they valued my loyalty.<br>100b. First the millionaire told us to evaluate the cost of moving the island to the other part of the lake.<br>100c. Grażyna says | 100e. What's the market value of the company?<br>100f. How long will the valuation of the dug up (unearthed) coins take?<br>100g. Martha decided to give all her valuables to her niece. (Martha decided to give her niece all her valuables.) | 100h. The support from the persons Natalie trusted turned out to be invaluable for her.<br>100i. Friendship is more valuable for Robert than money. (Friendship is more valuable than money for Robert.) |
