| quickly. | | |
| | 63a. While her seniors have been blocking her climbing up the corporate ladder, her colleagues have been scheming how to unseat her.<br>63b. A lot of senior citizens support financially their unemployed grandchildren.<br>63c. Malcolm's outstanding achievements in reprocessing the scum which (that) has been systematically skimmed off the surfaces of the lakes, together with his seniority, gave him an advantage over other workers. | 63d. It's rude to tell a person that they are going senile and that's why they don't understand modern slang.<br>63ea. The police commander glanced at what was scribbled in the notebook, shut it and shrugged.<br>63eb. A moment later, however, he promised they would carry out an additional investigation to determine if it was still possible to find anybody holding a senior managerial position who (that) could be trusted. |
| 64a. Without headlines which (that) sensationalize (sensationalise) the stories and shocking snapshots newspapers wouldn't sell so well, would they? | 64b. Suddenly, the stray trump had an eerie sensation. It was as if a shrill voice coming from the cloud above him had told him which road would lead him to safety. | 64c. Snippets of information about the sensational discovery appeared seldom, (rarely) on the back pages of the newspapers, so that few readers would pay any attention to them.<br>64d. The sprinter is said to owe his spectacular successes to sensationally strong and elastic sinews (tendons). |
| 65a. Alek's dog senses him the moment he enters (gets into) the building.<br>65b. Adolescents should be sensitized (sensitised) to the dangers posed by strangers who (that) try to befriend them. | 65c. There is no sense to pretend that you're someone (somebody) else.<br>65d. The woman didn't show too much sensibility.<br>65e. There is a lot of sensuality in those poems.<br>65f. We can check your sensitivity to smells.<br>65g. They put sensors all over my body. | 65h. Sometimes men are more sensitive than women.<br>65i. The official remained insensitive to Christine's begging.<br>65j. Isn't Martin oversensitive about his big, slightly protruding ears?<br>65k. You could have made a bit (a little) more sensible decision.<br>65l. On the face of it (Apparently), Ola's |

| | | |
|---|---|---|
| | | decision to sell the house in the city and (to) move to a village (to the country) seemed senseless.<br>65m. Conrad admitted that taking a room next to the guest who sneezes loudly and snores all night was insensible. |
| 66a. The criminal (offender, felon) could be sentenced to life imprisonment for savage acts of sadism. | 66b. A sentence begins with a capital letter and ends with a full stop, an exclamation mark or, in case of a question, with a question mark.<br>66ca. When the judge passed sentence the prosecutor argued it was too light.<br>66cb. Yet the defence (defense) lawyer said it was too heavy so he would appeal against the ruling. | |
| 67aa. The victim was brutally strangled with a shawl and her baby only miraculously survived.<br>67ab. The defender of the accused will however sentimentalize (sentimentalise) the crime.<br>67ac. He will argue that the perpetrator was under such tremendous pressure that the poor wretch could do nothing but conform.<br>67ad. If this strategy of defence (defense) doesn't work he will demand that his client should be examined by psychiatrists as he is probably insane. | 67b. If you want this film to be produced and then distributed, you need to rid yourself of all the sentiments.<br>67c. The author's sentimentality (sentimentalism) distorts the picture because it shifts the focus of attention from the facts to unproductive deliberations on emotionality. | 67d. Every director knows that a sentimental love story plays its role well if the viewers experience strong emotions like compassion, pity or deep sadness.<br>67e. A succinct reply should be a sign of an unsentimental approach to the problem of the pollution of the environment. |

| | | |
|---|---|---|
| 68a. The institute has been developing the technology which (that) processes big masses of silt to separate useless substances from quartz grains which (that) can be used for industrial purposes. | 68b. The politician allegedly said it was time for the separation between the State and the Church and effectively provoked some journalists to speculate on the subject.<br>68c. Those separatists suggested schism but clearly they don't realize how difficult running your own state can be.<br>68d. The final products obtained from this separator are skimmed milk and thick, sweet cream. | 68e. The counterfeiters were kept in separate cells so that they couldn't swap their stories, make up alibis and avoid being prosecuted.<br>68f. The sets of double spirals are separable and each is individually powered so when one of the set is temporarily out of order, you can stir the bread dough with the other.<br>68g. The rider, his horse and this saddle seemed inseparable as they were together all the time.<br>68h. Who benefits financially from the fact that they are separated but are not divorced?<br>68i. A theory becomes much more credible if it can be confirmed by very similar results obtained completely separately and repeatedly. |
| 69a. The saga has been serialized and you can watch its episodes on TV every day. | 69b. Had you watched the serial you would have understood why the protagonist who (that) chose to live in mendacity was haunted by suicidal thoughts.<br>69c. The serial killer wasn't under sentence of (wasn't sentenced to) death. What's more, he has apparently served his sentence and will be released from prison (jail) next month.<br>69d. When an item is released from the factory it is given its serial number so that it can be traced (tracked down). | 69e. Jeff was reminded that as a serial winner he was expected to prove his gymnastic capabilities over and over again. |
| | 70a. When the ruler rose | 70b. Are they serious |

| the trains pass, the building shakes a bit.<br>80b. People shook their heads with disbelief when the two rivals were shaking their hands on the deal. | anesthetic (anaesthetic) so the nurse gave him a gentle shake to wake him up.<br>80d. There was an anonymous tip-off that the kidnappers might be in a suite in a luxury downtown hotel so the police commander ordered a shakedown of the area.<br>80ea. Dick suggested a management shake-up (shake-out): the corrupt ones admit to taking bribes, they give up their salaries and savings, leave their posts and join their laid off workforce.<br>80eb. Soon after that Dick was dismissed.<br>80f. There must have been a small hole in the bottom of the cocktail shaker because some of the liquid spilt on the table.<br>80g. The solid must be dense and flexible so that it doesn't crumble at the moment of intense shaking.<br>80h. When a real shake-out starts, many of those from the clique will do everything to be close to those who (that) are losing their jobs, so be alert. | competent mechanic with a spanner will fix it in no time.<br>80ja. The judge, just like ordinary, honest people, was shaken (up) by the fact that the corrupt official, instead of being punished, had been promoted to a higher governmental position.<br>80jb. Now he wanted to deliver a just verdict.<br>80ka. At the press conference the police spokesman confirmed their unshakeable commitment to crack down on the socially most harmful organized crime.<br>80kb. He was talking about things like people trafficking, drug pushing, embezzlement, racketeering and money laundering.<br>80kc. The journalists, meantime, declared they would thoroughly cover the court trials in which such crimes would be prosecuted.<br>80l. Unshaken in their loyalty to their principles they looked on as the shady casino owner was offering his new guests free drinks, dancing shows, chips (tokens) for slot machines and expensive cigarettes. |
| | 81aa. In court Suzie accused her husband of shallowness of his feelings towards her.<br>81ab. She stressed, however, that for the sake of their children, all she | 81c. If you are not an experienced swimmer, you'd better stay at the shallow end of the pool.<br>81da. If the man in the intensive care unit starts to salivate and breathe |

| | cared about was peace between them.<br>81b. Molly was wading in the shallows in search for transparent pieces of amber. | shallowly, press the button.<br>81db. The doctor will come immediately. |
| 82aa. Edwin might clean his own name.<br>82ab. For this to happen, he must shame his family by exposing the fact that they used poisonous glue to produce soles. | 82b. It's a shame. The renowned publisher hasn't signed a deal with a promising writer only because he lives in a shanty town. | 82ca. Politicians might charm the public with shamefaced smiles.<br>82cb. They may swerve sharply to avoid being hit by a stink bomb.<br>82cc. But will it suffice to calm down the disillusioned nation?<br>82da. According to Blake, it's all about money.<br>82db. He confirms there is nothing shameful about being rich so he will shamelessly keep displaying his greed.<br>82ea. Watch closely those who (that) daydreamed with their eyes wide open during the language lessons.<br>82eb. Now they may want to leave their team, since they've been anticipating that it is going to suffer a shaming defeat. |
| 83aa. Valerie and her boyfriend decided to work together to shape the new venture.<br>83ab. They both wanted the new products to surpass the customers' expectations. | 83b. Did the psychiatrist tell the boy's foster parents what sort of obsession drives the youngster to draw and paint swirling eyes of different sizes and shapes and why the images worry his grandmother so much? | 83ca. The landscaper turned the shapeless water reservoir into a circular garden pond with an island in the middle.<br>83cb. The owner loves to sit on the edge of this water ring with a stopwatch and measure the time his colourful (colorful) carp need to cover the circumference around the island.<br>83d. The waiters were carrying round trays with drinks but all men's eyes |

| | and make him financially dependent on the stock exchange.<br>84fc. Jason claims he may suffer from the susceptibility to being controlled. | |
| 85a. If you know what smells sharpen your guests' appetites you can prepare the dishes which (that) will allow them to savour (savor) the meals. | 85b. Ivo has got a pencil sharpener. Give him your blunt crayon and he will sharpen it. | 85ca. The profits the corporations were making were falling sharply because there were far more goods to sell than customers who (that) would buy them.<br>85cb. Their chief economist said they could easily fix the problem.<br>85cc. They will artificially create new jobs and print a lot of money.<br>85cd. People will earn and spend a lot more on goods.<br>85ce. Big corporations will be making big profits again and this will make their stock prices increase.<br>85da. Razor-sharp mind employers have a lot in common. Firstly, they allow their employees to earn money in their factories.<br>85db. Secondly, they strictly control what people spend their money on.<br>85dc. For example, entrepreneurs seize land and create recreation parks.<br>85dd. People pay entrance fees and thanks to that they can admire the beauty of nature.<br>85de. They can relax after hard work and buy food for themselves.<br>85ea. The sharp-eyed youth who (that) found |
